Summary of reasons for decision:

The DVD contains a black and white film, made in 1964, about an historical battle. The feature has an existing classification of Unrestricted: Suitable for mature audiences 16 years of age and over. In addition to the feature, the DVD contains a behind the scenes component and commentary relating to the feature, the short film 'The Forgotten', and a director's biography. There is nothing in the additional components that requires an alteration to the classification already applied to the feature.
